**SERVICE HISTORY**

VW Transporter 1.9 diesel 2 Berth camper van covering 82000 miles from new. This conversion is slightly different from the average side conversion with the kitchen area being across the centre with a 12v compressor fridge, sink, 2 burner gas hob and water storage containers. This is placed this way to allow for a slightly larger rib rock and roll bed so that your not on top of each other. A table with pole for having dinner at. Having a rear tailgate is great for shade in the summer its also allows for you to purchase a rear tailgate awning if you would prefer space to the rear or go even bigger and have a side and rear drive away awnings. This van has leather front seats and rear seats and allows for 5 travelling seats. Twin rear sliding doors. the camper van is in nice condition we offer new MOT, service and gas check included.
