**SERVICE HISTORY**

This Toyota Alphard is in exceptional condition, and is a Japanese import so it has a huge factory spec in the cab. I will list some of the spec here, air conditioning, high res double din stereo system, automatic, power sliding doors, lane assist, steering wheel functionality and so much more. Brand new 2 berth conversion with crash tested bed system, 2 rear seat belts, colour coded pop top, mains hook up, water tank, gas locker, leisure battery and charging system, power management system. A super high quality conversion.
