**SERVICE HISTORY**

Come along and view this lovely Hymer Compact LHD 404! This is new to stock and shouldn't be around for long due to how compact and well designed / built it is. The layout is interesting, you can either have the bed at the back layed down in its usual position to make a huge double fixed bed, or open it up to allow plenty of space to walk straight through from the opening rear door. The rear door opening up is such a nice idea meaning you can sit at the back of the vehicle with the door open looking out wherever you are. The compact 404 gives you the advantages of manoevrability and practicality of a panel van, but with the fully insulated and coach-built quality build. The motorhome itself is a 2 berth, but has 2 rear seatbelts so that you can drive around safely and legally with 4 people. The lounge towards the front is also very clever where the driving seats swivel round making a full lounging area along with the three other seats (third pulls out from the side). This motorhome wil...
